CASE STUDY

Transforming the motor sector  
with paperless solutions

April 2018

---

# Simple- Connected - Solutions

 gocanvas

A transformative paperless solution for business

---

# Apple Expertise. For Business.

---

iC<sup>®</sup>NNECT

Finding the right solution to support your business is important, every business needs advice and support. From mobility solutions with iPhone and iPad, to the advantages of Mac in Business, iConnect can offer over 20 years' experience in delivering the right solutions and services to help transform your business.

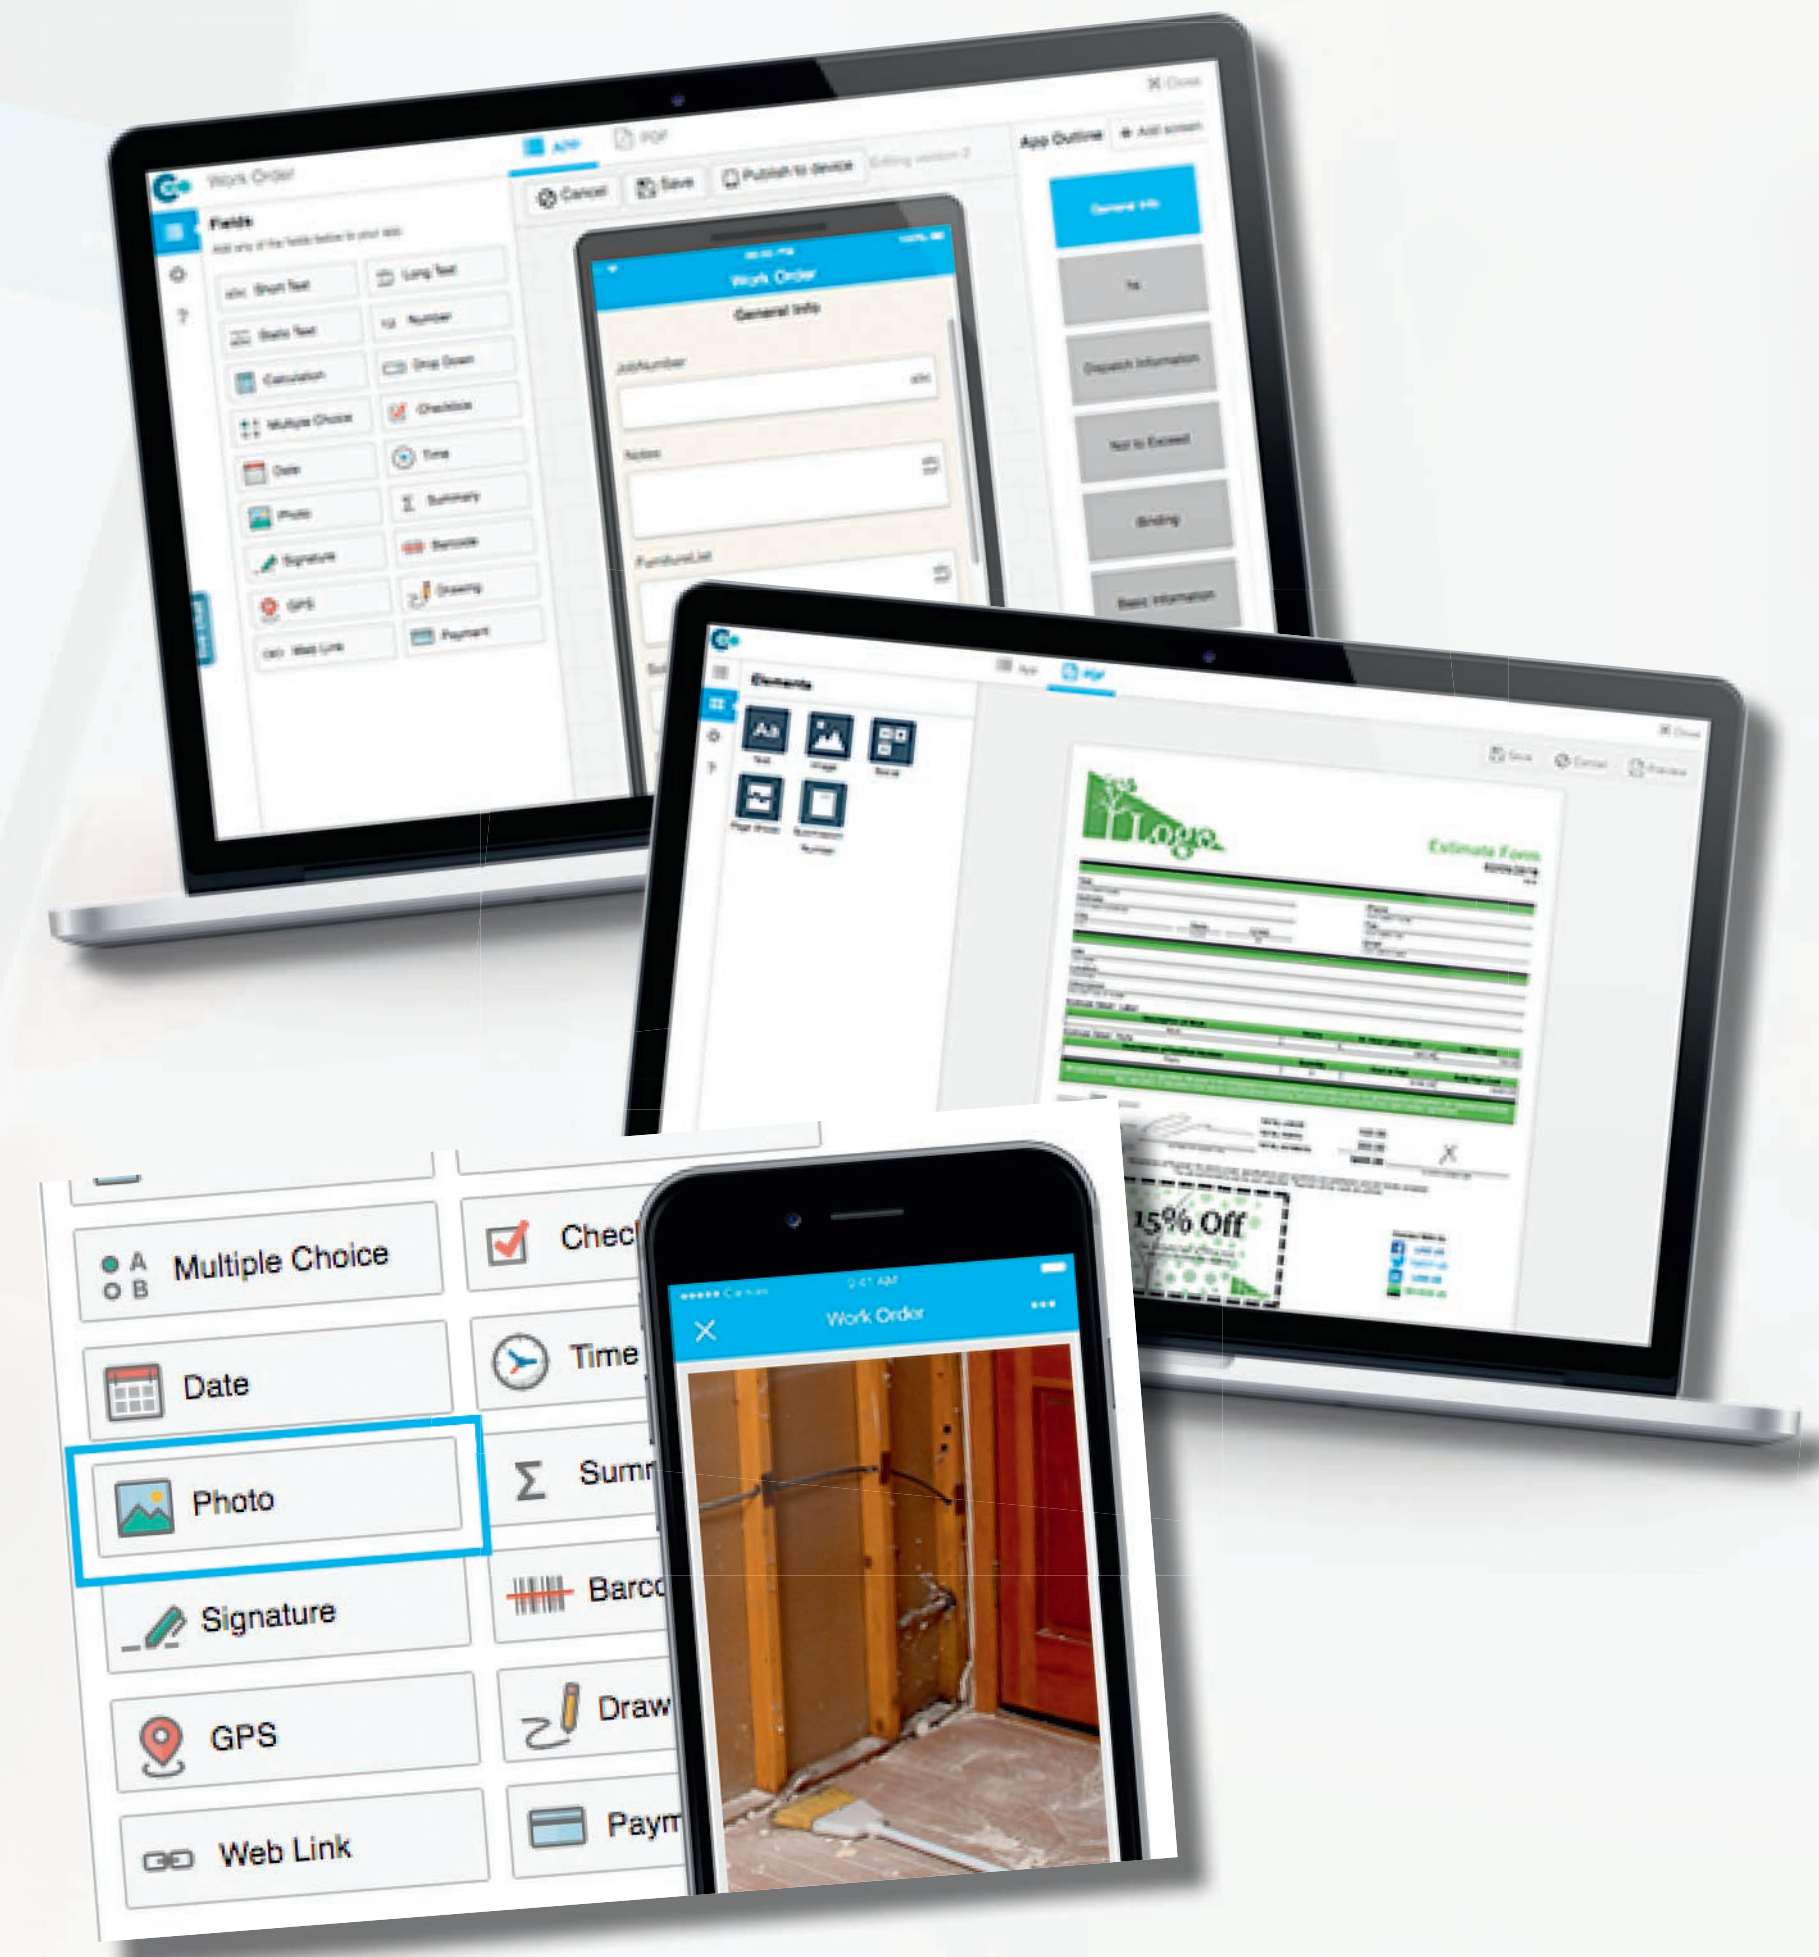

# What are the benefits?

iC<sup>®</sup>NNECT

- Eliminate Paperwork and Save 100s of Hours
- Increase productivity, efficiency and financial return on investment
- Quick and easy to implement with our dedicated training and support
- Customised iPad form
- Capture and view data in real-time
- Replace Your Paper Forms with Mobile Versions
- Get information back to admin teams in real-time
- Eliminate redundant data entry and increase your accuracy
- Automate your processes
- Never miss another inspection form, audit or other crucial information due to problems with paperwork and outdated processes
- Industry Leading Features Trusted by 1000s of Organizations

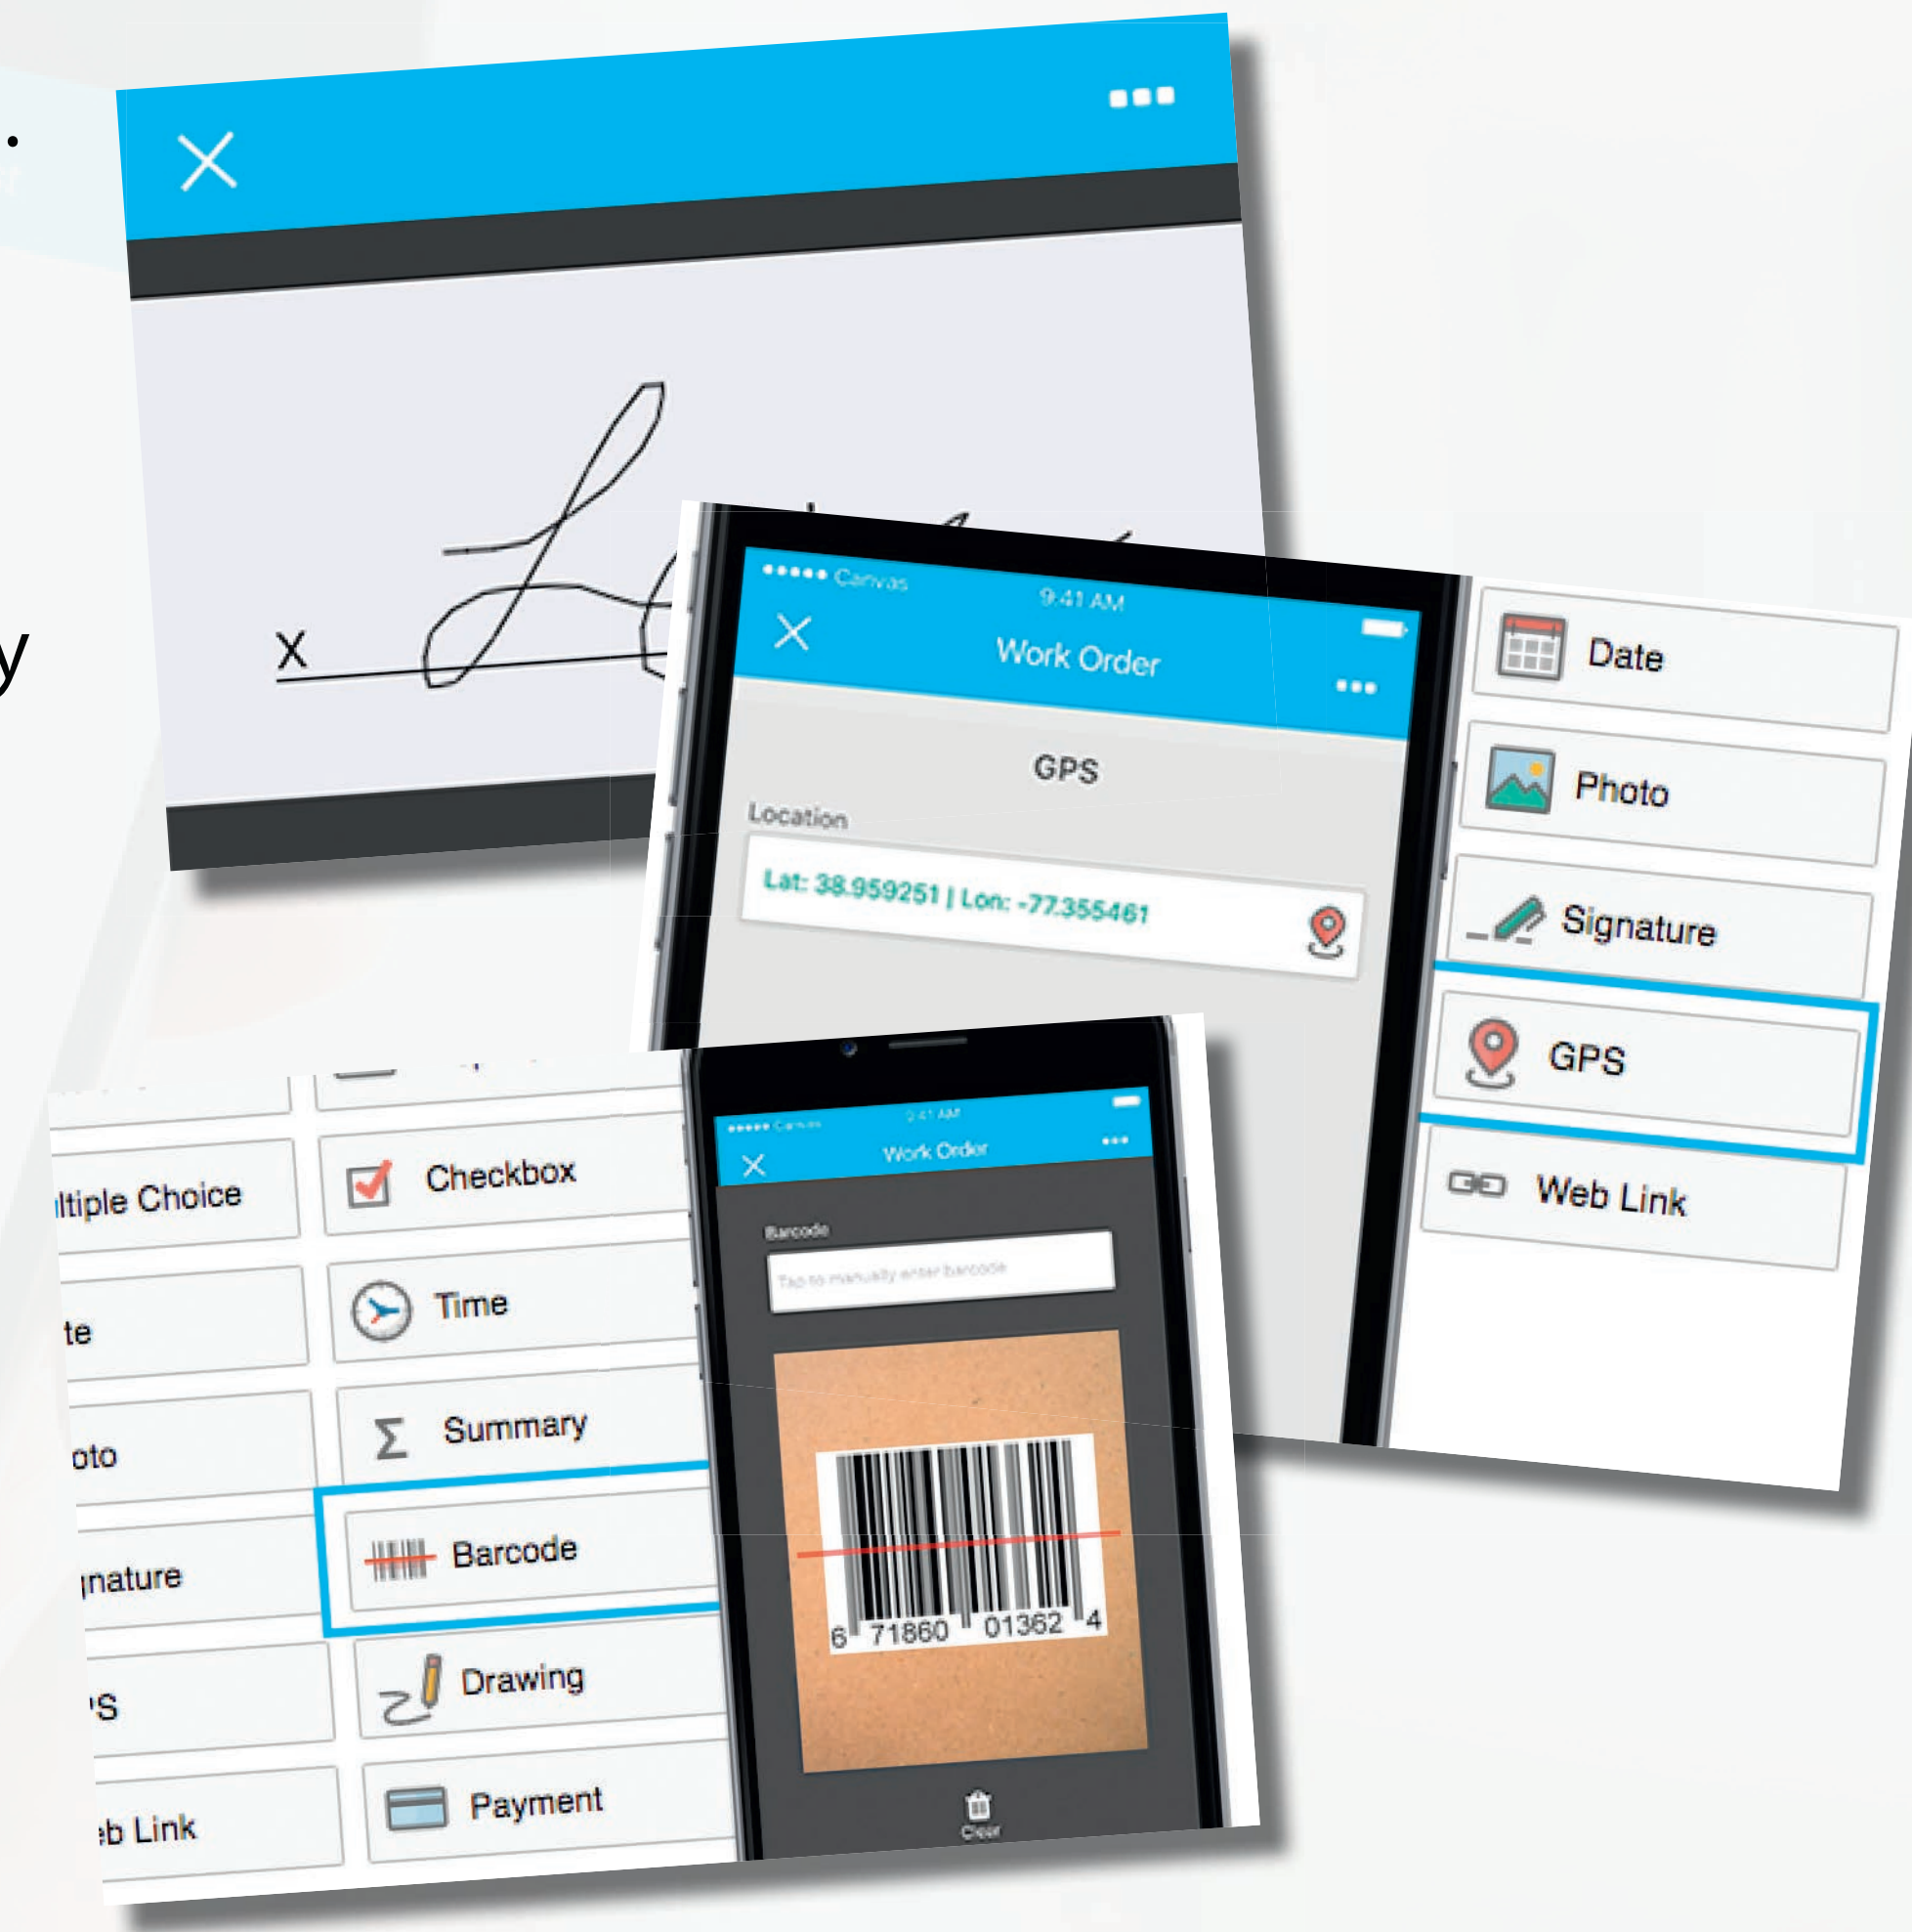

# What are the benefits?

iC<sup>®</sup>NNECT

- Once your team fills out a form a PDF can be generated and emailed. Customize this PDF to engage your customers and colleagues
- Image Capture: whether you need photos for inspecting equipment, or tracking rhinos, do it with a click
- Signature Capture: need to confirm a package or a sales order? Easily grab someone's signature on your mobile device
- GPS: know where your equipment or team members are at any moment with GPS capture
- Barcode Scanning: with one click, look up equipment or inventory
- No need for bulky paper storage solutions
- Improve your eco-friendly credentials with significantly less paper usage
- Improved customer experience: faster, slicker, more relaxed

# What was the problem?

---

iC<sup>•</sup>NNECT

- Sales person had to handwrite sales form and trade in form
- Errors in data were common as this was often done in a hurry
- Books were expensive at €50 each
- Storage of paper forms was cumbersome
- Customer experience was behind the times compared to the advancements in the vehicles themselves

# What was the solution?

---

iC<sup>•</sup>NNECT

- Form on iPad or iPhone which is mobile (more relaxed experience in comparison to desk)
- Data gathered is accurate and legible
- Storage of information is no longer a problem and office admins are no longer using there time requesting forms from sales or filing
- Customer signs form on the iPad and is emailed copy
- Transaction is faster, more secure, professional and progressive
- The money and time saved is tracked and recorded within the GoCanvas App

# What we offered?

---

iC<sup>•</sup>NNECT

- An iPad (option for iPad or Pro with Pencil)
- A durable cover which look professional but is robust
- Applecare to extend warranty to two years and to cover accidental damage
- Service and support contract for two years to align with Applecare

# The Solution - what we can offer you

---
